

Affordable reliability. Kool!

KOOLAIRE[®]
by *Manitowoc*

Koolaire ice machines are designed and manufactured by Manitowoc Ice, a trusted brand for over 50 years. They are built for reliability and longevity. Koolaire ice machines are simple to operate and are a great option for those just starting a restaurant, needing to replace your existing ice machine, or deciding to add an additional ice machine to your operation. Koolaire ice machines provide you the basic features you need and the reliability you expect from Manitowoc Ice at a price that fits your budget.

Koolaire ice machines are available in the industry’s most popular sizes. Both 60 Hz and 50 Hz models, dice and half dice “kuba” sizes, air, water and remote cooling options (in selected models) modular and undercounter configurations.

Half dice pounds produced per day. Approximate ice-making capacity based on air-cooled condenser unit at 70F/21C air and 50F/10C water. Height with bin includes 6" legs. Ice machine and bin are ordered separately.

CLEANABILITY

Koolaire modular units are easy to maintain and clean. Getting in and out for fast cleaning and service can save time and money. Access to the food zone is obtain by removing two screws and an easy lift-off door.

Koolaire modular units uses white plastics in the food zone making it easy to see exactly what areas need cleaning. Smooth rounded surfaces make it easy to wipe clean. Parts that need cleaning and sanitizing can be removed with out the use of tools. The water shield, distribution tube, pump, floats and even the water trough can removed by hand.

All Koolaire ice machines come with a patented push button automatic cleaning process. Once in the cleaning mode, just add cleaner or sanitizer and let the ice machine do the rest and return to making ice automatically.

SERVICE

Koolaire ice machines are back by Manitowoc Ice service network. Never worry about parts availability or finding an authorized service agent, you Koolaire will be well taken care of.
